

Special Offer for AAS Membership on Anarkik3DDesign haptic 3D Modelling programme

Anarkik3DDesign is a haptic 3D modelling programme developed specifically for **applied artists and designer makers** by Edinburgh based Company, Anarkik3D Ltd. The digital modelling experience is haptic, meaning that you the user can feel and touch your objects as you create and manipulate them. It is only by physically experiencing touching a virtual object and moving in 3D that you appreciate and understand the break-through that Anarkik3D has achieved with Anarkik3DDesign.

The programme uses a grounded haptic device to provide this real sensation of touching forms, feeling their properties of hardness, softness and three dimensionality. Its handle also moves the cursor in all directions - x, y and z axes and both these capabilities enable more natural interaction to make learning to create 3D forms easy, fast and enjoyable.

As the haptic device is essential to Anarkik3D's haptic Cloud9 3D modelling programme, you as a Full Member of Applied Arts Scotland (AAS) **are not required to find and provide the returnable deposit on the hardware (£450 on the haptic device or £900 on the laptop/ device bundle). With this special deal** you also have a lower monthly fee to use Anarkik3DDesign. You agree to provide insurance cover: your own home content or business equipment insurance should cover hired kit as if it's your own equipment. Just ensure that your agreed limit is not exceeded.

The minimum loan period is 2 months and this can be sufficient time to master the programme, create and develop ideas into practical designs which can be 3D printed:

- 1. Initial loan fee is £82 (+ VAT) and this covers:**
 - a. First 2 months for the use of the Anarkik3DDesign package: Cloud9 3D modelling software by Anarkik3D, Falcon haptic device fully PAT tested, all the information needed to get going (online down loadable information sheets on using features and functions, with tips and short-cut keys, tutorial videos and their worksheets).
 - b. You download Cloud9 to your PC or MAC and receive activation codes
 - c. You receive a 45 minute introduction to the programme to get started, either in person or via Zoom
 - d. Fee per subsequence months: £32 (+ VAT) (10 % discount on monthly fees for 5 months loan or longer)
- 2. If you prefer to also borrow a dedicated PC laptop as well:**
 - a. £120 (+ VAT) for first 2 months for laptop (already loaded with Cloud9) and haptic device, all Pat tested
 - b. Plug in haptic device and you are ready to go: all the information needed is down-loadable - information sheets on using features and functions, with tips and short-cut keys, tutorial videos and their worksheets.
 - c. You receive a 45 minute introduction to the programme to get started, either in person or via Zoom
- 3. Fee per subsequence months: £47 (+ VAT) (10 % discount on monthly fees for 5 months loan or longer)Extras:**
 - a. One-to-one Zoom tutorials: half hour @ £25.00 with Ann Marie Shillito (designer maker/jeweller/CEO of Anarkik3D and enthusiastic user of Anarkik3DDesign and 3D printing)
- 4. Payment terms:**
 - a. Payment of initial Loan fee into Anarkik3D's Bank account to be made by BACs and confirmed before hardware is collected or posted, and activation codes emailed.
 - b. For extra months, payment to be received 3 days before new month starts
 - c. Payments for one-to-one Zoom tutorials to be made direct to Ann Marie Shillito
 - d. Please submit all payments using your reference **AAS-A3DD-** (+ your initials).
 - e. You will receive your receipt, activation codes, links to information, special offers, etc. in an email.
- 5. Payment is by BACs** to Anarkik3D's Bank account and information will be provided when payment is due
- 6. On accepting the terms of this offer** you as a Full Member of Applied Arts Scotland undertake to:
 - a. Have the required insurance to cover the hardware replacement value: haptic device at £450, or laptop/haptic device bundle at £900. (This security approach is standard 'tool library' practice for tool and equipment hire and avoids duplicating insurance fees.)
 - b. Only use the haptic device (and laptop if combined) for 3D modelling with Anarkik3D's Cloud9 software.
 - c. Operate the programme in line with health and safety directions.
 - d. Agree to either collect the hardware from Anarkik3D's office, and get your 45 minute introduction to the programme to get started, or organise and pay for its delivery to you.
 - e. Agree to take full responsibility for return of haptic device (and laptop if included) in same working condition, in same box(s), as received, either by personal delivery, post or courier and to pay postage etc.
 - f. Give an evaluation of Anarkik3DDesign as a 3D modelling programme for applied artists, designer makers and 3D fine artists, and we would appreciate your informal observations and experiences.

To discuss this offer or the appropriateness of Anarkik3DDesign for your practice please email a.m.shillito@anarkik3d.co.uk.
